Stewart, Buffalo Alberta. 13-1

## To Go to Jenner

The word that suddenly came to a bank clerk, came to our great friend Arthur Hughes of the Union Bank, this week. That he was ordered to Jenner, to be teller and accountant at that branch. It falls to the lot of few bank clerks to be as popular in a town as fell to the lot of Arthur. May he live long and prosper! A. Strickland, of Grassy Lake takes his place in the Carlstadt branch.

W. A. Bennett, a former resident of Craik, Saskatchewan, is taking land near Tripoli.

## Tide Lake

A "tango" tea party was held at Mrs. J. M. Cairnes Sunday.

Some one was asking what had become of those anti-cigarette societies that used to be so prominent in Canada?

Quite a bunch of young people gathered up by Geo. Shields, spent Sunday evening last week at Mrs. Cairnes.

Miss Maids Olson and brother spent Sunday at Mrs. J. M. Cairnes.

Mr. Cairnes lost a fat sow lately, through its getting flax straw. This has killed off quite a number of cattle here, this winter.

It seems according to some of the Liberals' views here, that the majority of the people's minds are being afflicted with Conservatism. There must be a reason!

Clint Adams is giving a dance this Friday, at his residence. He is trying to raise enough money to finance the Tide Lake Base Ball Club.

## Personal and of Local Interest

George Thompson and W. J. Hall spent Monday evening in Suffield.

F. L. Brown visited at Gleichen Sunday.

Busy days these in Carlstadt. Seed grain distribution is the cause.

Chris Hanson, a Danish farmer, from North Dakota is in town looking for land.

Word reaches us that Miss Maud Askew is very ill at her home in Kenex.

W. J. Hall, J. P., spent several days in Calgary on business last week.

We are getting in two cars of seed potatoes—Irish Cobbler. The prices will not be higher than ordinary potatoes; and are guaranteed to be pure seed. Place your order now. N. E. Stuart.

Mrs. F. J. Basken went to Medicine Hat on Monday and spent a few days as the guest of Mrs. H. J. Stevens.

Pete Bettlam, of Acme, is a new comer to arrive in Carlstadt this week. He arrived with a cartload of horses and household goods. He has rented the Dyer farm for this year and has filed a few miles south of town.

Con Topper, of Jenner, was married on Wednesday March 17th, at Baesano, to Mrs. Polson, of Munson the newly-weds were registered at the Great West here, on Thursday and proceeded to their new home at Jenner, on Friday.

Mr. and Mrs. James Marsh, who have resided in Medicine Hat for a time, arrived back in Carlstadt last Friday. They have erected a headstone over the grave of their son in Carlstadt cemetery.

Mr. and Mrs. F. Brenner and son returned to Carlstadt on Thursday last from Upland, Indiana, where they have spent the winter.

Geo. Russell had taken out a license for the O. K. Draw Line. George's last name is Russell and he ought to do well.

J. C. Murray, Inspector for the Credit Foncier Co. of Edmonton, spent Monday in town. Mr. Murray said that his company being a French one, was naturally not making new loans. A few farmers met him and made arrangements to put in crop on some land held by the company.

Last week, the News reported the sad fatality at Beaver Mines, when Peter Kylo lost his life. This week we are asked to chronicle the birth of a baby boy to his widow.

Mrs. F. J. Bean spent several days in Calgary on business last week.

The Ladies' Aid will meet at Mrs. Woolven's on March 31st.

Born to Mr. and Mrs. Svenson, of Books, formerly of Carlstadt, a son on March 7th.

O. J. Wood, manager of the Union Bank, has been confined to his home for a few days this week.

The Young People's Society of the Lutheran church will meet at Mrs. Chris Nelson's on L. Carlstadt's place, April 4th.

Pete Mattson and Frank Raco, two of the Carlstadt old boy's association, arrived back from the States Friday, and are going to get in on the 1915 excursion to prosperity.

N. E. Stuart's new five passenger Ford car arrived in town this week. W. G. Scollard is the local agent for the Ford.

The road are in such a state that very few farmers attempt to take the grain out of town, but store it in every available spot in town.

One young farmer, from the Tide Lake district, reports the water on the roads in one stretch of country up his way, is so deep that he had to stand up on his seat, and his horses had to swim for a hundred yards. (!)

Mrs. D. A. Litch and children have moved into town and taken up residence in the Audland house. Mr. Litch and Sanford will be staying on the farm to put in the crop.

Born on March 20th, to Mr. and Mrs. H. C. Tregallas, of Calgary, a son (stillborn). Mr. Tregallas was connected with the Union Bank here.

Frank Flannery went through Carlstadt Tuesday night on his way to Calgary. Frank informed friends on the train that he would in Carlstadt soon.

We have been asked by a gentleman from Points to run the following: "The district is laughing over an affair in which a home-steader's time with his girl was beat by a twelve year old boy at a dance. The young man became so enraged that he attempted to put the boy off the floor, when he was informed by the boy's friends that if his brains were dynamite and they exploded, they wouldn't jar his cap."

By the Alberta Gazette we notice that Jonas Brulacher, of Brutus, has been appointed Commissioner for taking affidavits; and that A. E. Welschle, of Jenner, is appointed a Justice of the Peace.

Citizens of Carlstadt who desire a clean, healthy, progressive and attractive town and are willing to put forth a little effort on behalf of the town are invited to attend a meeting in N. E. Stuart's office on Monday evening at eight p.m. If you are interested please attend

## Royal

H. E. Kimball and wife were visiting at the home of Stanley Thomas on Wednesday, and attended the lecture at "Rainy Valley" where Rev. Clydale was organizing for the temperance people. Quite an interest seems to be taken in the work in this vicinity.

A good crowd gathered Saturday night at the Royal schoolhouse to hear Mr. Thomas speak on the benefits of the U. F. A. A union was organized with 17 members. The officers elected were: President: H. E. Kimball; Vice-President: E. E. Sorey; Secretary-treasurer: J. J. Packer. Name of Union: Circle.

After the U. F. A. meeting the regular literary meeting was held. The debate on, "Resolved: that there is more crime committed by the rich and educated, than by the poor and ignorant," was decided in favor of the affirmative. After lunch dancing was usual.

Quite a number came from Rainy Valley and Peaceful Valley. Come again and bring your friends.

The next meeting will be on 3rd of April. Question: "Resolved: that a good-natured, slow-witted man is to be preferred to a neat ill-tempered

man." The leaders will be, affirmative: Mrs. H. E. Kimball; negative: Mrs. Orton. Foughty. Come and hear the fun boys.

John R. Kimball writes that he has taken a contract for logging and will not be home this spring. Well, look, you were born at that work, so no wonder you have wandered back to it again. I knew it!

The gophers are now appearing in great numbers. Now is the proper time to destroy them. Has the government or the municipalities done anything towards destroying these pests this year? We would like to know.

Floyd Kimball is visiting at Foot Kenyon's.

H. E. Kimball has secured contracts for breaking over 300 acres but is looking for more work yet.

Several neighbors were calling on the Broderson's Bros. Sunday. We will be lonesome boys when you move.

Mr. Thomas, the U. F. A. organizer, spent Sunday at the home of H. E. Kimball.

H. E. Kimball spent Wednesday in Medicine Hat on business.

We have a new neighbor on the Dyer, Peter Batelaan, from Acme.

The school board of Royal are looking for a new teacher, as Mr. H. Under has accepted another school at a higher salary.

Flour and feed for sale at the Farmers Elevator, Friday and Saturday of each week. Your patronage, is solicited.

C. O. Olson, Agent.

## "WHAT shall the harvest be?"

## Coming Back

THAT there will be a great returning of settlers to this district in the next few weeks, is an assured fact. One local man has a realm of powers of attorney to secure seed grain from the government. These powers are signed by many who have spent the winter in the States, but will return shortly. Carlstadt's day is dawning.

## Medicine Hat Hanna Line.

A Number of local requests have been forwarded to W. A. Buchanan, M. P., at Ottawa, urging him to use his influence to secure the immediate construction of the Medicine Hat-Hanna line of the C.N.R. Mr. Buchanan has taken the matter up direct with the Prime Minister, who brought it to the attention of the railway officials.

In reply, the C.N.R. stated that it appreciated the position of the settlers at different points on this line, and are very anxious to do anything they can to expedite its completion. They said:

"As you know, it is very difficult to dispose of even guaranteed bonds at the present time. It will therefore be questionable whether we can go ahead with this line this year. However, we are fully alive to the importance of completing this line at the earliest possible date, and will do everything in our power to meet the needs of the settlers in that district."

Sir Wm. Mackenzie, however, was in Edmonton last week, when Premier Sifton made such representation to him regarding the Government's decision to do nothing further in the way of guarantees until certain specific extensions had been completed, that Sir William agreed to undertake the further construction of three branch lines in Alberta in the spring—the Medicine Hat-Hanna line is one of those three.

## Peerless

Chas W. Goddard returned to ranch last week prepared to put in the biggest crop in his history.

Arthur L. Robertson went to Carlstadt last week and came back with three fine mares purchased from N. E. Stuart.

Last week, two cars of government hay were distributed to Jenner, and if all who desired it had participated equally, each would have received about three tales. Mr. Bond is doing his utmost to secure an adequate supply for the farmers hereabouts; but the disinclination to furnish hay, seems located farther off.

J. E. Goddard paid a short visit to his ranch recently, but had to return to his Calgary home until winter breaks up, when he purposed coming back to seed his ground. He reports about the same here as at his Calgary ranch.

Bert Adams passed through the district last Sunday driving a Mr. Brown, Inspector of the Government Live Stock Associations. We understand he was out in connection with the formation of the High Valley association.

On Saturday last, Peerless' Union T.F.A., held its regular meeting in the High Valley reholhouse. The seating capacity was pretty well taken up and particularly most were the attendance of a number of ladies. Naturally the ladies were interested in the debate on Women's Suffrage. We are, however, of the opinion that there are many problems confronting the U. F.A. which are just as interesting to the ladies as to the men, and we hope they will continue to come out and attend the meetings in in-

creasing numbers. We, of the male persuasion, realize that if the ladies are with us, who then can be against us? The debate was closely contested by J. L. Brown, A. L. Robertson, Fred Dundas, for the affirmative; favoring the granting of the full parliamentary franchise to women; and by F. W. Topping, Geo. Rimmer and C. V. Nunnemacher for the negative. The five judges voted: three in favor of the affirmative, and two in favor of the negative, and, considering that the judging party was composed of three ladies and two men, we wonder if—? An item of business taken up, and which it would not doubt be well to develop, was that of making up a list of sundry articles desired, for sale, or exchange, by the various members. Co-operation in this is desired with the neighboring unions, Jenner, Blue Grass, etc.

Mr. Bennett, of Trijola, was in this locality recently to see if any of the good Peerless soil was available for filling.

N. McCracken suffered the loss of an excellent Clyde mare through accident last week.

On Wednesday, Mr. and Mrs. Walter Holm left for the north again to resume work with Mr. Holm's employer of last year.

Next meeting of Peerless U.F.A. will be held in the schoolhouse, April 3rd at 2 p.m. A program of vocal selections, etc., will be rendered. The question drawer will be operated and the debate for the occasion will be on Consolidated Rural Schools. This will be contested by F. J. Musket and R. N. Nunnemacher as principals. Ladies are again especially invited to this and all meetings.

## Polonia

Mr and Mrs A. Hill spent Sunday with Mr and Mrs A. Radkic. Helen and Edwin Hunter were calling at Mr. and Mrs. Houseman's Sunday.

Mrs. Zimmerman entertained on Sunday. Mr. and Mrs. R. S. Clarke, Mr. and Mrs. H. Clarke, Charles and David Clarke.

Polonia school opened with an attendance of fourteen pupils, with Mr. Brown, of Peerless, teacher.

Tommy Gray made a trip to Jenner on Monday.

Mrs. Charlie Ellis, who has been visiting with Mrs. Gasson for the past week, returned to her home on Saturday.

C. A. Wallace and sister were among the Carlstadt callers this week.

Wm. Hunter made a business trip to Suffield on Wednesday.

Mrs. J. R. Swift was called to the home of Wm. McIntosh, Thursday.

## Rainy Valley

Miss Martha Williamson, of Medicine Hat, spent the week end at the home of her sister, Mrs. Thos. Ferlon.

Rev. Clysdale gave a temperance lecture in the schoolhouse last Wednesday afternoon. His talk was enjoyed by all.

The dance was well attended Friday evening. All report a fine time.

A four horse load attended the literary meeting at the schoolhouse at Royal Saturday evening. Let me tell you they had some debate.

The affirmative won by twelve points. We could see that the negative were from an educated class of people, but—oh what's the use!

We think there is a chance for the Home Guard to show their patriotism. We have been informed that a young couple from the Royal district on their return home from the Valley Saturday morning, ran against a German fort near the Royal schoolhouse. The team understood the command of their officer and beat a hasty retreat through a few fences, and a after a few miles run were captured and taken prisoners.

Rev. F. E. Clysdale is now holding services in the schoolhouse every Sunday at 3 p.m. We hope to see a large crowd from now to show Mr. Clysdale that we appreciate his kindness in coming so far to hold service.

J. W. Bone and F. S. Steel have rented 225 acres of the farm formerly owned by Frank Plonery.

C. A. Thomas called on H. E. Kimball Sunday.

Miss Emily Lamoy and Jack Decker called at Mr. Lamoy Sunday.

Mr. and Mrs. Brenner and son Don, returned from the States Friday.

## Communication

Dear Editor:

I wish to state to the public that the item which appeared in the Tide Lake News, from "Another Correspondent," is untrue, from start to finish.

In order to set forth the facts concerning the discussion which took place on the occasion mentioned in the item, I submit the following, which I feel sure Mr. Sparks will verify.

In the first place, I was the only one person who had any discussion with Sparks; and not "a few Conservatives" as the item mentioned. There was no discussion on the Reciprocity or Free Trade questions as the author suggested. Will say, that near the close of the meeting, Mr. Sparks, remarked to the audience, that the Dominion government was charging the farmers more for the feed oats than they were paying for them in Calgary. He did not say anything about the cost of putting the oats to the farmers hands; which of course left the impression that the government was robbing the farmer of the difference in price. This was explained to the audience, as a matter of justice to the government which is composed of both Liberal and Conservative representatives.

Mr. Sparks also said that the government was only allowing the homesteaders provisions to the amount of two cents per meal. This I claimed to be incorrect, and believe my claim can easily be substantiated.

I say again, that positively there was no argument concerning reciprocity. Near the opening of the meeting Mr. Sparks gave a talk in which he made some brief remarks about reciprocity and free trade; saying in part, that he could not see how any one with common sense could vote against free trade; and to vote for it, they would not be voting for reciprocity.

As it had been the rule of the Tide Lake U. F. A. to keep politics out of the union, neither myself or anyone else made a reply—although my views on that line are entirely different to those of Mr. Sparks.

So far as "facts and figures" go, Mr. Sparks did not produce any except in his own words, not on paper.

My opinion is, that the author of the item in question, would not know a fact if he should happen to see one; neither would he know a "few" from one, should he see them side by side; or reciprocity, if he should meet it in the road.

He, "should have his head examined," also.

E. E. ALLEN.

### Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY

#### BECAUSE

Irrigation makes the farmer independent of rainfall and insures good crops, not occasionally, but every year. Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied. You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (5% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record.

## MEN WHO KNOW ENDORSE THE IDE.

What Four Prominent Canada  
Premier, Day of "Made-in-  
Canada"

Sir George Foster, Minister of  
Trade and Commerce: "I have notice  
with great interest the campaign be-  
ing so capably conducted in favor of  
the 'Made-in-Canada' idea. I am view-  
ing the matter, of course, entire-  
ly from the point of view of an imple-  
ment, and cannot rid myself of the  
conviction that one of the best possi-  
bles is that we who buy in  
Canada—and all of us buy more or  
less—shall make it a point where, so  
possible, to purchase for our use  
what has been made by Canada's  
hands and of Canadian material. In  
this way we would considerably as-  
sist in the quiet reduction of unem-  
ployment and the quick reviving of  
production and trade."

Hon. Walter Scott, Premier of the  
Saskatchewan: "If all Canadians learn-  
to consciously prefer the manufacture  
of their own country, as they do in-  
consciously prefer the natural pro-  
ducts, there would be a splendid two-  
fold result—the sum of our national  
prosperity would be increased, and  
more important still, the sum of our  
pride and confidence in Canada would  
be increased also."

Hon. G. H. Murray, Premier of  
Nova Scotia: "The 'Made-in-Canada'  
campaign has my heartiest sympathy.  
I am sure it will meet with a gener-  
ous response from all Canadians. The  
movement aims at the development  
not only of a practical patriotism but  
also of a fine spirit of mutual help  
fulness among our people."

Sir Richard McBride, Premier of  
British Columbia: "I am very glad to  
say anything that is in support of  
the most commendable idea contained  
in your programme. One of the ef-  
fects of this war has been to arouse  
the people of Canada to the necessity  
of a greater production in various  
lines of industry, and I know of  
nothing which will tend to promote  
this more than the campaign you are  
now engaged in."

## BUY "MADE-IN-CANADA" GOODS AND SUSTAIN THE PAY ROLL

## STORY OF A STORE

Tom Tasker had a corner store  
he got it from his father who built  
up his trade from the farmers that  
spent their money for things made  
in Canada. Taskerville grew into a  
little town of cement sidewalks and  
electric lights. Tom's business de-  
veloped and he got an automobile,  
a \$10,000 house, and a big new store  
with plate glass, patent show-cases  
and a stereograph.

The blacksmith shop grew into a  
carriage factory; the local cabinet  
maker became a furniture manufac-  
turer.

A few years ago when a wide  
awake man discovered that the coun-  
try around Taskerville had the very  
best kind of soil and climate for rais-  
ing tomatoes, cucumbers, field peas,  
corn and small fruits, and reckon-  
ed a good stroke of business to start  
a canning factory in Taskerville, the  
farmers fetched their truck to the  
factory which became as good a pur-  
veyor of canned goods as any in  
Canada. Its products were found in  
the dining camps and the kitchen  
of the wealthy that went to grand  
opera. But whenever any farmer  
went to the store of Tom Tasker  
bought up from their farms in two  
generations, they never could find a  
dressed tin of the Taskerville fac-  
tory's goods on his shelves. When  
they asked him why he wouldn't en-  
courage home industry and stock up  
with home goods, he said he reckoned  
he knew his own business.

Wherefore the farm folk reckon-  
ed Taskerville boycotted the Tasker  
store, and Tom Tasker made an as-  
signment. Which, to most sensible  
folks' way of thinking was the way  
to prove to the Tasker retailer that  
you can't expect both boots to  
fit the same foot.

This is a homely illustration and  
localised to Taskerville; but if I  
don't prove that it's the business  
of the retailer in Canada to keep  
his shelves the goods made in Cana-  
dian Canadian workmen at a time when  
Canada is making the fight of her life  
to stay industrially efficient—the  
there must be something wrong with  
the argument. "Think I over."

## WHY THE CAMPAIGN MUST BE CONTINUED

Financial Reasons For Continuing the  
"Made-in-Canada" Movement—  
Dollars at Home

Here are financial reasons why the  
"Made-in-Canada" campaign must be  
continued:

Imports into Canada, 1913, \$925,925,359  
Exports from Canada, 1913, \$95,332,057

Balance against us . . . \$830,593,302  
Interest on our borrow-  
ings abroad . . . \$50,000,000  
Total settlement, 1913, . . . \$880,593,302  
paid by us in cash . . . \$448,500,253  
How do we do it? Very simple—we  
borrow \$432,000,000!

Last year it was pretty much the  
same thing over again. So we bor-  
rowed some more. But (note this,  
please!) borrowing wasn't nearly so  
easy; we couldn't get nearly as much!

This year (1915) we'll hardly be able  
to borrow a dollar abroad! England  
and France need their money for  
other purposes.

What's to be done? For the honor  
of Canada, we mustn't fall in meeting  
our obligations; and there's still that  
\$150,000,000 of interest to pay!

Turn it over carefully in your mind,  
and you'll soon be convinced there's  
only one possible way to meet the  
situation. We must import less and  
export more. In the words of Hon.  
Mr. White, Finance Minister, we must  
produce, produce, and keep on pro-  
ducing!

The more you think of it, the clearer  
it becomes that, now and always  
it has to be "Made-in-Canada."

## TEACH THE CHILDREN TO ASK FOR "MADE-IN-CANADA" GOODS

## THE BEST EXAMPLE

How Our Greatest Canadian Corpora-  
tion Helps the "Made-in-Canada"  
Movement

The Toronto "Globe" had an article  
on January 30th describing the policy  
of the Canadian Pacific Railway with  
respect to the purchase of "Made-in-  
Canada" goods. While the "Globe"  
article refers particularly to the steel  
industry, it is a well known fact that  
the C.P.R. has always been one of  
the most enthusiastic and consistent  
supporters of the purchase of their  
supplies wherever possible in Canada.  
They know that by spending their  
money in Canada it will come back  
to Canadians and to them quickest.

## Helps Workmen

To quote the "Globe" article:  
"From the time the steel works at  
the Canadian Soo started as a young  
industry to make steel rails, the Cana-  
dian Pacific Railway Company has  
been a consistent customer of that  
institution. It has bought rails on the  
other side of the line only when sup-  
plies were not available on this side,  
and, sometimes, has paid a higher  
price in the purchasing of home in-  
dustry. But the C.P.R. looked at the  
proposition in this way: that by buy-  
ing steel rails from the Canadian Soo  
it helped materially in the main-  
tenance of several hundred workmen,  
whose economic welfare, in turn,  
meant traffic to the railway which  
carried supplies of various kinds to  
their town."

## Agitation is Necessary

In short, the purpose of the "Made-  
in-Canada" movement is to build that  
commercial relationship which exists  
between the C.P.R. and the Canadian  
steel industry. Just now it is very  
necessary that every wholesale and  
retail establishment through which  
the consuming public must purchase  
their supplies of food, clothing, and  
shelter should sell in the largest  
measure possible goods made in Cana-  
da. The Globe already has endeavored  
to show that the salesman has a  
more practical part to play in the  
furtherance of home industry than  
the purchaser. If the wholesale and  
retail trade of the country would un-  
derstand, in honor bound, to sell Cana-  
dian-made articles instead of those  
of foreign manufacture, wherever the  
former were available, and thus to  
develop the Canadian character of  
their stocks to the utmost, all the  
agitation urging the consuming public  
to buy "Made-in-Canada" goods would  
be unnecessary."
